Help Keep Roadside Crews Safe Luke Johnson, General Manager

Orange road signs are not just for highway construction zones; they also apply to utility work zones. Slowing down before entering work zones helps save lives, including the lives of our crew members, who must often work roadside to maintain or restore power.

Cars or trucks that go too fast not only endanger workers on the ground, but can also put a lineworker who is working high up in a bucket in serious danger by causing their bucket to move or sway into high-voltage lines.

Every state has laws that require drivers to slow down or switch lanes if possible when they pass emergency vehicles and, in many states, transportation maintenance, work trucks and other authorized vehicles as well.

For example, in 2019, Illinois' Scott's Law extended protections to any stationary authorized vehicle with oscillating lights: first responders, state transportation workers, law enforcement officers and other individuals authorized to be on the highway within the scope of their employment or job duties.

Effective January 1, 2020, Scott's Law was amended to increase the minimum fine from \$100 to \$250 for a first violation and to \$750 for a second or subsequent violation.

Because power lines often run along streets and highways, our crews are frequently required to

Continued from Page 1

work near or on roadways. Cars that are driven too fast or get too close to a utility truck can cause the truck to move and the extended bucket holding a worker to sway. This is especially dangerous if a crew member is working on an energized power line.

Please slow down and move over for everyone who must complete their jobs on or at the side of the road, including utility crews. Our crews and their families thank you.

Energy Efficiency Tip of the Month

When was your cooling system last serviced? Most manufacturers recommend an annual tune up for your home's cooling system. March is a great time to schedule this service so you can beat the summer rush when the pros are busiest.

A qualified professional can check the amount of refrigerant, accuracy of the thermostat, condition of belts and motors and other factors that can impact the efficiency of your system.

Geothermal Tax Credits

The 26% federal tax credit for geothermal heat pumps will be available for one more year. The tax credit extension was part of the federal government's \$900 million Covid relief package that was passed and signed into law in December of 2020.

The law extended the credits for geothermal heat pump installations through 2023. Residential credits are 26% through 2022, step down to 22% in 2023, and expire January 1, 2024. Commercial credits remain at 10% through 2023. Please consult your tax professional for details.

St. Patrick's Party Punch

7 cups Pineapple Juice

1 pint Lime Sherbert (or any flavor you prefer!)

- 1 1/2 pint vanilla ice cream
- 3 cups ginger ale or 7-Up

Put pineapple juice, sherbert, and ice cream in large mixing bowl and blend. When ready to serve, add ginger ale. Makes 25 servings.

PROTECT YOUR FAMILY AND YOUR FINANCES

Tri-County Electric Cooperative

has partnered with AirMedCare Network (AMCN) to offer you the opportunity to join our membership program at a special discounted rate! Membership is now available through an affordable monthly billing plan or at an annual discounted rate.

\$5

per household

MONTHLY MEMBERSHIP FEES

added to your bill for

Tri-County Electric Cooperative

\$65

per household

ANNUAL MEMBERSHIP FEES

one-time annual payment submitted directly to AirMedCare Network

In a medical emergency every second counts, especially when transporting patients who are far away from adequate medical treatment. AMCN providers respond to scene calls and provide hospital-to-hospital transports—carrying seriously ill or injured patients to the nearest appropriate medical facility.

ABOUT AIRMEDCARE NETWORK

AirMedCare Network is America's largest air medical membership network, providing financial coverage for emergency air medical transport. Even with medical insurance, air medical transport can result in significant out-of-pocket expenses, however an AMCN membership ensures no out-of-pocket expenses for medically necessary flights if flown by an AMCN provider.

Not only does AMCN membership provide financial protection, our 3+ million members help support the healthcare needs of the community as a whole. Our mission is to make it possible for people living in rural areas to get the life and limb saving emergency care they need, when they need it.

JOINING IS EASY!

Simply complete the enrollment form on the reverse side of this letter and pick the payment option that is best for you.

Monthly membership fees will automatically be charged on your monthly utility bill so you don't need to send money directly to your provider. If you select the annual membership fee, mail the completed enrollment form with payment to: AirMedCare Network, PO Box 948, West Plains, MO 65775.

Contact your local Membership Sales Manager for guestions or to enroll:
